

400 COWS SELL AT \$20 A HEAD

Midland Cattlemen Go East
to Buy Fine Bulls For
Their Herds.

Midland, Texas, Oct. 12.—One of the notable cattle deals in the stock country during the past week was the sale of 400 Hereford cows by J. C. Holcombe by L. O. Dunn. The cows brought \$40 around and delivery has been made. The cows were on a ranch north of Midland.

Prize cattle from the Kansas City Royal Fair stock show will be added to Midland herds. A number of Midland men who have gone to Kansas City are successful in their efforts.

W. N. Aycock and Spencer Jewell, of Midland, and R. Jewell, of Hereford, went to Kansas City to buy some of the bulls shown at the fair. Jewell's cattle here. In addition to these, W. H. Wolcott has gone to Loneport, Mo., to buy a carload of bulls from C. A. Taylor, of that place. He attended the stock show en route.

CARRY STOMACH JOY IN YOUR VEST POCKET

Here's a Bismillah Remedy That Is Really Guaranteed! Bismillah Drug Co.

One of the greatest successes in the sale of medicine has been achieved by Bismillah's standard dyspepsia remedy, and its sale is increasing rapidly. Many druggists have had to keep a stock of this remedy. It is very popular with bankers, business men, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Bismillah's remedy is in tablet form and is sold in a metal case especially designed for carrying in the pocket. It is pleasant to take, gives quick relief and should help any case of indigestion, heartburn, or other ailments. This remedy has been so uniformly successful that all druggists are authorized to sell Bismillah's remedy on a consignment to refund the money if it should not prove entirely satisfactory. We doubt if any other dyspepsia medicine has such a large percentage of success so that it could be sold in this manner. A guarantee like this is a volume for the merit of the remedy.

There is no time like the present to do a thing that cures. Today is the best time to begin curing it by going to Kelly & Pollard or any leading druggist in this city and buying a box of Bismillah's on this money back guarantee.—Adv.

For Acid Stomachs Use Magnesia

Quickly Stops Sour Burning Feeling and Makes Digestion Painless.

The almost universal complaint of acidity by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisulphated magnesia, a transparent, colorless, odorless, warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus insure painless normal digestion. It should be taken to get bisulphated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and persist in the use of pepsin, charcoal, soda mixtures, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid, regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Adv.

Has Faith in Quick Remedy For Catarrh

Kelly & Pollard Guarantees That Hyonol Will Relieve the Worst Cases of Catarrh.

When one of the most reputable concerns in El Paso guarantees that a medicine will produce benefit, it is a good sign. Hyonol is a remedy for the cure of catarrh of the bladder. It is a remedy that has helped so many cases of both acute and chronic catarrh in El Paso and vicinity. Hyonol is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the oil of which is taken up by your system, through the pores of the skin, and it acts on the bladder with every breath. Hyonol will quickly be seen from the very first treatment.

This oil destroys all germ life in the air passages and lungs and enters the bladder through the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs, and cures these mucous membranes contain catarrhal germs, there Hyonol will do its work of healing. When using this treatment, the air you breathe will be found like that on the mountains high above the sea level, where grows the balsamic trees and plants which make the air pure by giving off volatile antiseptic fragrances that is healing to the respiratory organs.

The complete Hyonol outfit is inexpensive and includes an inhaler, dropper and sufficient Hyonol for several weeks treatment. Remember that if Hyonol does not relieve you, Kelly & Pollard will refund your money. This is a good time to get rid of catarrh by this natural method and prevent catarrhal conditions that are so common at this season.—Advertisement.

Ten Thousand of Mill Iron
Herd Sold to Clarendon
Men for \$507,500.

Amarillo, Texas, Oct. 12.—More than half a million dollars were involved in a cattle deal here when C. W. E. Hughes sold to J. C. Clarendon, of Clarendon, 10,000 head of the Mill Iron herd of cattle for \$507,500. The deal carries with it a ten-year lease on 100,000 acres of grazing land in Utah, Monty and Cattle counties. Prices paid follow:

The Prices.
Four thousand wet cows, at \$50 per head, 2000 dry cows and two-year-old heifers at \$25 per head, 2000 steers and yearling heifers at \$25 per head, and 500 bulls at \$50 per head.

Delivery is to be made during this month. It is said that Hughes and company are financially interested in the big deal.

Young Cattle to Be Held.
According to Col. Jim Bolton, superintendent of the Amarillo cattle yards, 75 percent of Texas Panhandle and plains cattle will be held over this year. This, he says, is due to the fact that there is plenty of water and grass.

Arizona cattlemen during the past week have bought 250 range Hereford bull calves for breeding purposes at \$50 from O. M. Shore, of Deer Smith county.

El Pasoan Buys \$400,000 Worth of Cattle at Alpine

Alpine, Texas, Oct. 12.—The largest cattle deal closed in this section in many years was the big sale of 14,000 worth of yearlings and two-year-old steers made by J. S. Gage to Gus Morris, of El Paso.

Mr. Morris, who is an experienced cattleman, says the cattle are the best he has ever seen thrown together.

LOSES EIGHT HORSES; FORAGE POISONING

Safford, Ariz., Oct. 12.—Myron Allred, a valley farmer, has lost eight head of horses. State veterinarian Dr. W. E. Severn, who arrived here to make an investigation, said he believed the deaths were due to forage poisoning, due to the indigestion of mounds thrown into the system on forage. Dr. Severn said he had met many similar cases throughout the state during the spring and fall. Treatment is removal of the affected animals from their pastures, complete change of diet and dosing of laxatives.

BUYS NEW MEXICO CATTLE TO ADD TO SHAMROCK HERD

Amarillo, Texas, Oct. 12.—Jacob Smith has added to his herd on his Shamrock ranch, near Amarillo, 100 head of new Mexico cattle purchased in southwestern New Mexico. Smith's herd now comprises 300 head of cattle, 250 of which are yearlings and upward bulls.

The bulls are all full blood Hereford or Shorthorn and weigh in an average 1200 pounds. Mr. Smith will fatten and market them and expects to make them weight at least 1600 pounds. The yearlings cost \$12.50 and the cows an average of \$8.

BUYS BLACK MULEY CATTLE AT ALPINE FOR ODOM RANCH

Fort Stockton, Oct. 12.—Seventy-six black muley cows and four bulls were bought at Alpine by Judge John M. Odom, who has been shipped here and driven to the Odom pasture. Judge Odom also has bought two years of heifers from L. K. Kerkner.

HOWARD COUNTY CATTLE ARE BOUGHT BY CAUBLE

Big Springs, Texas, Oct. 12.—Frank Cauble, of Fort Worth, has been in the Big Springs section of Howard county. He bought 300 steer calves from M. H. and Jack Williamson, of this city, and from W. H. and J. H. Lawrence, of the same place. Cauble also bought 145 steer calves from Hardy Morgan and a bunch of heifers from Fred Cox.

EL PASOAN BUYS COWS AND CALVES AT MARFA

Marfa, Texas, Oct. 12.—Wiley Franklin, of El Paso, has bought during the week in the Marfa country 130 cows and calves from O. M. Bunton and five cars of cows and calves from J. J. Claunch. The cattle were all shipped to Lubbock and other places.

TWO SHIPMENTS ARE MADE FROM KENT DURING WEEK

Van Horn, Texas, Oct. 12.—Two road shipments of cattle were made from Kent during the week. The Roy Hays Cattle company shipped 14 cars of cows and calves to W. W. Waddell, at Sheffield. C. W. Evans shipped seven cars of cattle to V. A. Hutchinson at Midland.

BUYS 75 CARLOADS OF CATTLE IN LOUISIANA

Foos, Texas, Oct. 12.—Seventy-five carloads of cattle purchased in Louisiana by J. T. McElroy, of Odessa, will be shipped to Monahan, Texas. The cattle are of superior grade and will add greatly to the value of McElroy's holdings in West Texas.

WORK IS STARTED ON OIL MILL AT LUBBOCK

Lubbock, Texas, Oct. 12.—Work has started here on a big oil mill that is to be completed by January 1916. It is planned to have at least a three, and possibly a four-press hydraulic plant. The construction work is in charge of C. H. Bencini, of Fort Worth.

HORSE BURNED AT CITY DUMP; CITY IS SUEED

The case wherein Francisco Hernandez sues the city of El Paso for \$100 damages to a horse by fire at the city dumping grounds, was called in justice J. M. Deaver's court Saturday afternoon.

The plaintiff alleges that a boy drove a wagon with garbage to the dumping grounds and was compelled to direct the animal over some hot ashes, which burned the horse.

HITCHED HORSE IN FRONT OF STORE; GRIPS STOLEN

It. H. Cook hitched his horse in front of the El Paso City Store, Monday to buy some goods at the store. When he came out two grips had been stolen at \$60.

The Daily Novelette Sober Sally Stimpers.

It was a dull day in the side show. Sober Sally, the woman who had never smiled, for the eighty-sixth time refused the hand of the living skeleton in marriage.

"Absolutely no," she told him. "My hand and heart go only to the man who can make me smile."

So for the eighty-sixth time the living skeleton tried to bring a smile to the lonely face of Sober Sally.

"What makes me smile? A pig under a gate? Two pigs? Pretty good, eh?" he chuckled, watching her face anxiously.

Sober Sally yawned.

"What's the difference between a woman and an umbrella? You can shut an umbrella up occasionally! A scream, what?" the living skeleton resumed.

"Pierce weather we been having," yawned Sober Sally.

The living skeleton tried half a dozen more of his choicest, and then a brilliant idea came to him.

"Sally," he said, "I've often thought that if you only smiled a little, it'd make you look exactly like Lillian Russell."

Slowly, prettily, a smile spread itself over the unbecoming map of Sober Sally. And the living skeleton got his bride and, to start housekeeping on, the five hundred dollars offered by the management to the first person making Sober Sally smile.

PUT ON FLESH AND INCREASE WEIGHT

"Gee, look at that pair of skinny scarecrows, why don't they try Sargol?"

Sargol has put just 10 pounds on me in 14 days, states W. D. Roberts. "It had made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"I weighed 122 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and N. D. Sanderson adds, "when I started Sargol I weighed 147 pounds and now I weigh 160 pounds. Everybody is telling me how fat they have got in the last month."

When hundreds of men and women—there are hundreds, with more coming every day—living in every nook and corner of this broad land voluntarily testify to weight increase ranging all the way from 10 to 35 pounds given them by Sargol, you must admit, Mr. and Mrs. Miss Thin reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built that thin."

Until you have tried Sargol, you do not and cannot know that this is true. Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just try it and see if your weight does not pile up, hollow vanity and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is just a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But this fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few day's use will prove whether or not this is true of you. Isn't it worth trying?

If you want a beautiful and well-rounded figure of symmetrical proportions, if you want to gain some solid pounds of healthy stay-there flesh, if

CITY TO DRILL TEN MORE WELLS FOR WATERWORKS

The drilling of eight or 10 new wells to increase the water supply of El Paso will start within the next few weeks. The waterworks department has definitely decided upon the improvements and is preparing to order a supply of pipe for the purpose.

The new wells will be drilled in the vicinity of the present battery of wells at the main pumping station, and will be sunk to an average depth of 400 feet. Six inch pipe will be put down.

The new wells, it is expected, will increase the supply 1,000,000 or 2,000,000 gallons daily, bringing the daily supply to about 10,000,000 gallons.

Texas & Pacific Magazine BOOSTS THE DAM AND EL PASO

The "T. & P. Magazine" for October 1915, has given a section of that interesting monthly pamphlet to the El Paso Dam. The magazine shows a view of the dam with much of the machinery still in operation. The illustration for the section is a picture of a giant man, showing the shape of the sleeping elephant of rock from which the project was named.

The article is an untold one. It recites the history of the project from the beginning of the construction work and reminds the reader that over 80,000 acres of the new surface to be reclaimed lies in Texas along the line of the Texas & Pacific railway. The article deals not only with the irrigation project, but the city of El Paso as well and its chamber of commerce, which has done so much to advance the cause of the city in all parts of the United States.

OPHELIA

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumous face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumous in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of carbox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a carbox shampoo arranging the hair is a pleasure.
